CAREER & CONTENTS
CAREER & STUDY

What we are doing

- Discovering and recommending both entry-level and experienced professionals.
- Coaching individuals for their career
- Cooperating with HR Departments to accurately address their recruitment requirements.
- Analyzing and researching organizations and industry information
- performing reference check

ABILITY

Career & Scout can show a high level of satisfaction to all our clients about achieving their goals with advanced online database, professional business relationships and more-experienced research team

Professional Consulting Service

Career & Scout's consultants have experience in various fields including IT communications, Logistics, Pharmaceuticals, Finance, Retail, Hospitality, and Applied Chemistry. It is with this experience that C & S consultants can effectively recruit prospective employees for our organizations

Human Database

Career & Scout's self-developed database system, CISS (Career & Scout Intelligence Searching System) allows expedited service to their clients

Specialized Selection

Career & Scout develops strong relationships with its clients to ensure only the most qualified candidates are approved for recruitment.

Post-Hiring Process

Career & Scout's services do not end with a successful hiring. After a client has been placed, C & S will ensure complete client satisfaction by offering cultural/business training, orientation advice, and if necessary will even help the client find a different firm should he/she be unfit with the initial selection

Internet Resource Utilization

Career & Scout utilizes online resources such as Daum Cafe, Career & Study, and Career & Contents to adequately prepare individuals in their search, preparation, and interview processes.

Career & Scout secure the database with competitive and differentiation through various channels. In order to quickly respond to client's requests, we prepare advanced database and co-work system with other head hunters.

ORGANIZATION PROCESS

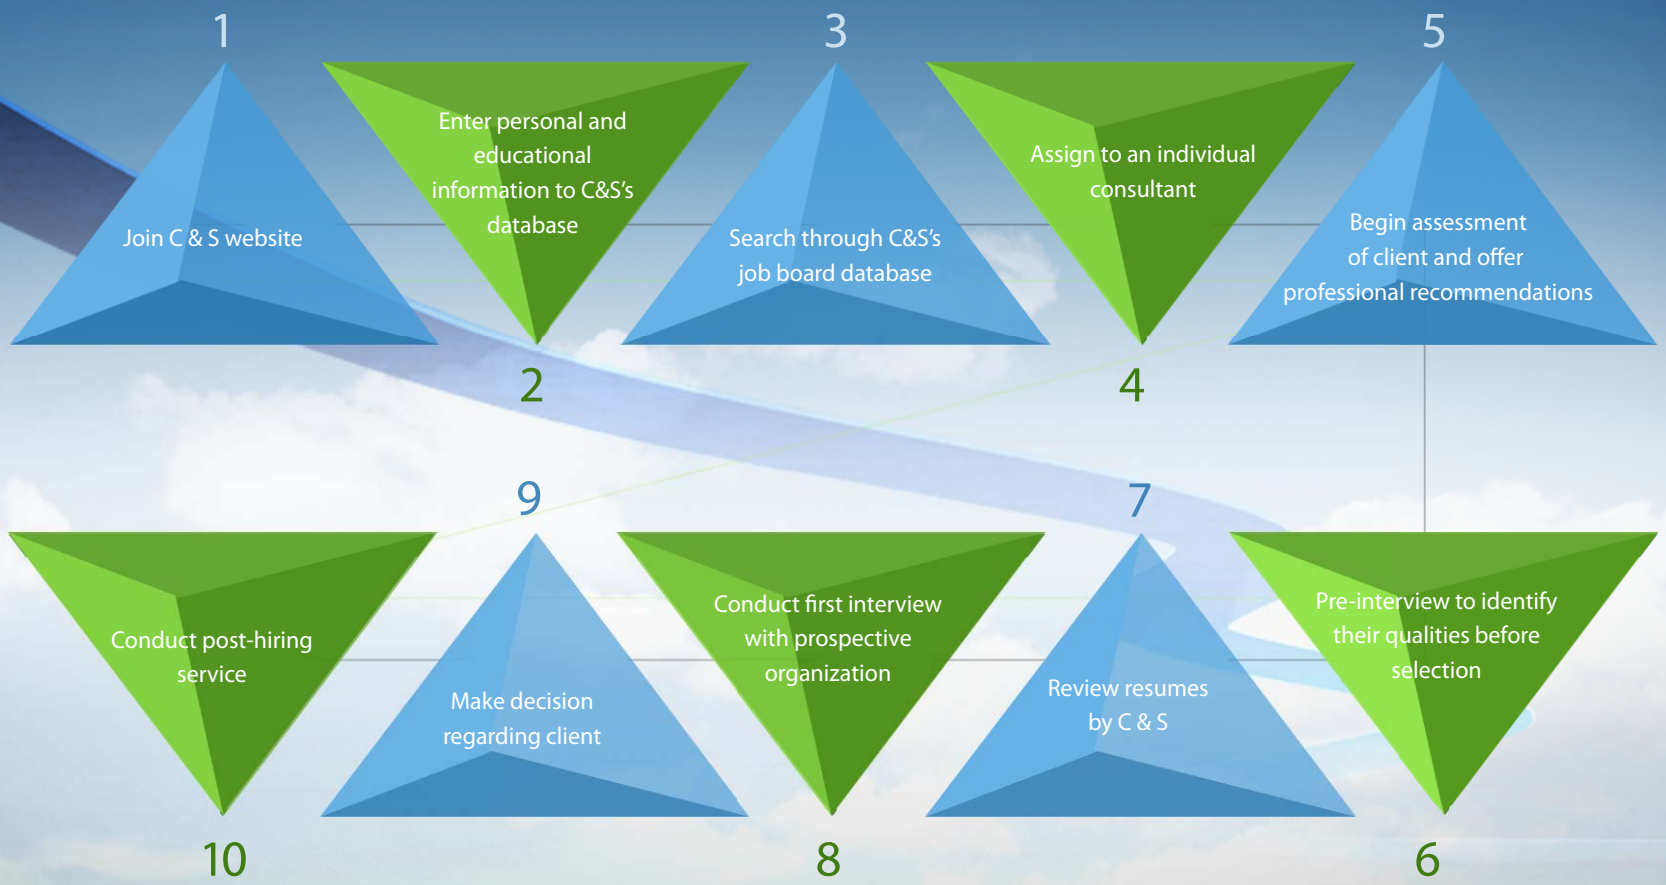

Career & Scout is recommending selected potential applicants who are appropriated the requests of the clients and maximizing satisfaction of clients with the high-quality co-workers between head hunters and researchers

1. Request recommendation talente worker & analyze the needs and requirements
2. Sign a contractual agreement with the organization
3. Begin recruitment process
4. Perform pre-interviews before hiring process
5. Recommend selected applicants
6. Make final decision to hire
7. Finalize successful hiring & make payment the consultation fee

INDIVIDUALS' PROCESS

Members can get after-care with continuous their career by maintaining the relationships with head-hunters after they have been placed.

FAMILY BRAND

We will work clients to prepare successful hiring or finding new jobs via valuable programs including career strategy, cover letter, and interview.
